HONGKONG, SATURDAY, MARCH 7, 1903.

THE SANITARY BOARD.

With reference to our editorial comment
of yesterday, the appointment of the mem-
bers of the Sanitary Board under the new
Public Health and Buildings Ordinance is
notified in the *Government Gazette* issued
this morning with yesterday's date, as
follows:—

His Excellency the Governor has been
pleased to appoint John Milford Atkinson, M.B.,
Principal Civil Medical Officer, to be Presi-
dent, the Honourable William Chatham,
Director of Public Works, to be Vice-President,
and Colonel William Edward Webb, R.A.M.C.,
Principal Medical Officer, Edward Osborne,
Fung Wa Chin and Lau Chu Pak to be mem-
bers of the Sanitary Board.

By Command,
Colonial Secretary's Office, Hongkong, 6th
March, 1903.

The full complement of *ex-officio* members
does not appear by the above notification to
have yet been appointed, for it is provided
by section 8 of the Ordinance that, in
addition to the Director of Public Works
and the Principal Civil Medical Officer, the
Sanitary Board shall consist of the Registrar
General and the Captain Superintendent of
Police. The same section provides for the
appointment of six additional members,
four of whom are to be nominated by H.E.
the Governor and two by the ratepayers of
the Colony. The Government nominees
are those that held their appointments on
the Board as constituted by the old law. It
remains to be seen whether the nominees
by the ratepayers will yet be appointed. It
is desirable that they should be, and we
trust that two public-spirited men will not
be found wanting in the Colony to devote
some time to the duties which will be im-
posed upon them in their acceptance of seats
on the Sanitary Board of Hongkong.

DR. PENTECOST.

After five days of preaching and lecturing
in Canton, Dr. Pentecost returned to the
Colony yesterday en route for Shanghai and
the North, and, in passing through Hong-
kong, kindly consented to address a public
meeting of the Chinese-speaking section of
the community. Arrangements were, accord-
ingly, made for the use of the City Hall and
an invitation, issued to "gentlemen, merchan-
ts, scholars and people," drew together a nume-
rous audience. The Chinese came in
hundreds and so far as we can learn were
much and favourably impressed alike by
Dr. Pentecost personally and by his utter-
ances, which occupied nearly an hour and a
half in delivery and interpretation. We take
occasion, afforded by the proceedings above
noticed, to summarize what may be regarded
as the main features in a somewhat remark-
able series of public meetings, which, if the
Chinese assemblage be taken
as in the succession, was brought to a
close night before last in the City Hall. It
should be premised that Dr. Pentecost's
present journeyings in the East are in the
interests of our Common Christianity. This
object took him to the Philippine Islands at
a juncture when, if we may judge from the
reports of his sermons and speeches and
certain statements and admissions in the
Manila local press, the forceful, uncompromis-
ing, unapologetic presentation of Chris-
tian ideals and standards was a prime need
of the new American colony. We write
this in no Pecksniffian or Pharisaic spirit, but
simply as recognizing a condition of things
which almost invariably follows from the
first impact of Western on Eastern civiliza-
tion. The earliest chapters of colonial
expansion under any flag are apt to be in
certain aspects and from the Christian
moralist's point of view bad reading, and
Dr. Pentecost found in the public life
of the Philippines colony much to con-
demn. He rebuked, admonished and ex-
horting in timely, judicious, forceful ways
the irreligion and its attendant evils that
he found to exist. The Hongkong clergy
and ministers of all Protestant denomi-
nations and the representative laymen
who signed the letter of invitation to Dr.
Pentecost to hold meetings in this Colony,
did well to give the public here an opportu-
nity, which has been used widely, of
hearing the eminent preacher and evangelist.

ASK for ASAHI JAPANESE BEER—
G. Girault.

Dr. Pentecost's public appearance in Hong-
kong, comprising Sunday service, lectures
and religious meetings, deserve more atten-
tion than they have hitherto received. His
oratorical gifts of our distinguished visitor
were seen to much advantage in his lecture
on "The Orient, The Anglo-Saxon and
Christianity," delivered under the auspices
of the Odd Volumes Society. To the
close attention of any audience for two
and a quarter implies, under the most fa-
vourable conditions, strength, vividness, po-
culty and energy of style, qualities which
Dr. Pentecost with marked felicity illus-
trated. We venture strongly to certain pos-
sibilities advanced by the lecturer on this occa-
sion and we aver that some of his general
statements were grounded on data insufficient, if
not misleading. The address was, however,
a striking popular success. The closing lec-
ture on "The Reasonableness of Chris-
tianity" was of special value and worthy of
Dr. Pentecost's great reputation as a Chris-
tian apologist. His chain of reasoning
seemed to be strong and complete of its kind,
whilst charm of style and manner added pecu-
liar force to a memorable deliverance. Dr.
Pentecost is a thoroughgoing student of
the Bible and also of human nature and

held last evening, when there was a very
fair attendance. A paper was read by Mr.

THE N. Y. K. steamer *Hiogo Maru* reports that
Torijima, which was in a state of active eruption
on the 9th of August last, when the inhabi-
tants of the island—225 in all—lost their lives,
is still in eruption. The steamer left Yokohama
for the islands on the 5th February, and
returned to port a few days ago. The eruption
was active compared to that observed on the
occasion of her previous visit, viz., 13th January.
A new crater—a small one—has been formed
on the eastern end of the island. The island
was, however, well covered with grass and a
large number of sea birds were seen flying
about. The steamer passed the island on the
17th inst., on her homeward voyage, but the
weather was stormy then and the tops of the
hills were hidden beneath clouds. No smoke
was seen rising from the new crater.—*Kobe Herald.*

HONGKONG AND SHANGHAI BANK.

REPORTED RUN ON THE SHANGHAI BRANCH.

We have received a telegram from Shanghai
reporting a run on the local branch of the
Hongkong and Shanghai Banking Corporation
on account of the circulation of forged notes of
the Corporation. The wire was despatched from
Shanghai at 12.50 p.m. to-day. Inquiry at the
head office did not elicit any confirmation of
the report which, if true, calls for prompt
and stringent measures for suppressing
the uttering of forged notes—a practice that
has recently been in operation in the North
much to the annoyance of banking institutions
most immediately concerned.

FLEET OF BRITISH WARSHIPS IN HONGKONG.

The harbour presents a striking sight in
things naval. There are now moored in these
waters no less than nineteen ships of the China
Squadron. They are the first class battleships
Gloria, (Flagship of Vice-Admiral Sir Cyprian A.
G. Bridge, K.C.B., commander-in-chief), *Albatross*,
(Flagship of Rear-Admiral Henry T. Grenfell,
C.M.C., second in command), *Goliath*, and
Ocean. The first class four funnelled cruiser
Amphitrite, *Argonaut*, and *Cressy*, and the two
funnelled cruiser *Benbow*. The second class
cruisers *Eclipse* and *Talbot*, third class cruisers
Pique and *Fearless*, the gunboats *Britannia*
and *Ranier*, the sloops *Rinaldo* and *Psidium*,
the torpedo boat destroyers *Janus* and *Whiting*.
This combined with the despatch vessel *Albatross*,
makes a grand total of nineteen ships.
The appearance of this large force at this
particular time of the year, has excited general
comment on all sides. We are informed that
the presence of this formidable array of force
was a premeditated affair, on the part of the
Admiralty, in order to show a bold front to the
Russian fleet now en route and which in all
likelihood will call at Hongkong shortly.
Another report states that the assembly of this
force is to crowd out the men-of-war anchorage
so as to allow no chance for the Russians to
find a berth in port.

R. E. VARIETY CONCERT.

The third variety concert for patients of the
Station Hospital was held at the R. E. Theatre,

in the programme were: Miss Dolly Piers,
Messrs. Burgess, Rogers, Allwork, Thompson,
Anderson, Marley, Huddy, Chisholm, Palmer,
Hardy, Smith, Edgar, Deane, Jenkins, Lang,
Lily and Hughes. The artists rendered their
respective parts with credit, and Pte. Heyde,
1st Sherwood Foresters, ably assisted at the
piano. The management was under the direction
of Mr. S. M. Allwork and Pte. Duff, R.A.M.C.
These concerts are looked forward to, and
highly appreciated by the convalescent patients
of the Station Hospital.

RIALTO OPERATIONS.

Share operations during the month of Feb-
ruary though somewhat restricted and consid-
erably interfered with by the Chinese New
Year and the Race week showed a decided im-
provement and manifested a healthier feeling
than has been noticed for some months past.
It is true that the volume of business was not
great, yet leading stocks have all exhibited a
decided improvement in rates with the excep-
tion perhaps of Docks which, towards the latter
part of the month, had a downward tendency.
This improvement, no doubt, is due to several
causes including that of a feeling on the part
of the majority of operators that we have al-
ready seen the worst of bad times, and the fact
that there is now more surplus money in the
hands of operators in the shape of dividends
for which they have got to find an outlet.

BANKS.
Bank shares have gone up during the month
to as high a figure as \$715 per share com-
mon dividend, and this price is more than amply
justified by the report that the Bank is in a
sound position for the last half year.
Another reason of this high quotation for Banks
must not be lost sight of, and that in itself
apart from the handsome returns shown
could have put the shares up to this
high water mark. The fact referred to is
the drop in exchange which, with the same
dividend in sterling as that declared by the
Bank, the corresponding half of the year before
gives the China shareholders in dividend
about 15 per cent more than the previous year.

Docks.
Docks were still suffering from disadvantages
of such a nature that a good year would
completely obliterate. The report for the
second half of 1902 has been rather dis-
appointing to a good number of the share-
holders, who had been confidently expecting
larger earnings for the six months in question,
but it seems that they were rather over-
sanguine. However, one may reasonably ex-
pect a very fair improvement for the current
half year over either of the halves of 1902,
while improvements in prices can be reason-
ably expected to take place during the ensuing
six months as the Company is certainly doing
a very good business and, in fact, has been
doing so since the commencement of the
present financial half year.

ASK for ASAHI JAPANESE BEER—
G. Girault.

INSURANCES.

The main feature noticeable under this
heading is the rise in Union Insurance shares,
which have gone up during the month from \$450
a share to \$510. As far as can be ascertained
there does not appear to be any other reason
for this rise than that of the good dividend that
the Company, a short time ago, paid to share-
holders and the splendid business which it is
doing. Other marine insurances have been
rather neglected. As to Fires, Chinas showed
a tendency to harden and shares have been
taken off the market at \$851, while Hongkong
Fires were placed at \$327.50.

SHIPPING.

The most active stock in this group as is
well-known to operators, is Indo-China, which
has been a very unknown quantity, and it is
doubtful whether any but a few who are really
in the know, and who have the manipulation of
the wires could foretell what was likely to take
place in connection with the stock. Its
market prices are certainly controlled by the
Northern port, and the maintenance of
rates is mostly dependent on our
northern neighbours. However, one could
hardly see one's way to expect the upholding of
its prices for a long time by speculators alone,
backed by solid and substantial earnings of
the Company. Although it is rather early in
the day to tell what the Company is going to
show for the past twelve months, people who
are familiar with shipping and the movements
of cargoes do not expect that the result for 1902
can in any way compare with those of the pre-
ceding years. Steamboats have again paid
the dividend of \$150, and the Company seems
to have done very well indeed from the prices
that are being offered for shares. The compe-
tition that it is facing both on the River and
Macao does not seem to affect the confidence
felt by its supporters. Douglas is neglected
and seems to be entirely out of favour with
the public; but as is frequently the case with
this stock, one of the periodic spurts will no
doubt take place in the shares at no distant date.
Star Ferries are continually improving their
position, and its shares touched their high-
water mark during the month when they were
negotiated at \$24.

GROSS CORRUPTION IN FOCHOW NAVY.

The *Sin Wen Pao* is informed that the Fochow Arsenal has several despatch boats which are maintained by the Authorities. During late years, the commanders, mates, engineers, cadets and even sailors have not only been constantly absent from service but have overdrawn their salaries. Some of them have gone so far as to hold two positions in the same service, thus one man drawing the pay of two. In short, gross corruption prevails in the whole service. The Fochow Naval Authorities have now taken steps to have these evils eliminated and reorganize the system.

THE S.S. "SIBERIA"

Another big Pacific Mail liner—the *Siberia*—has reached here from the Eastern seaboard to swell the fleet of mammoth deep-sea steamships which are now making San Francisco their home port. This new acquisition is a sister ship to the *Korea*, says the *San Francisco Chronicle* of the 5th ult., now making the second round trip in the China trade, and she will be placed in the same service as soon as her present cargo is discharged.

Ocean steamships of the largest tonnage are now becoming quite common sights in San Francisco bay. Their number is steadily increasing, but the demands of a growing commerce are calling for still more. In a few years, if they keep on multiplying at the rate they have done during the past three or four years, they will become as numerous here as they are now in the harbour of New York. In all directions these big liners are now playing the waters of the Pacific, either headed this way or carrying cargoes hence to distant foreign ports.

THE WEATHER.

The following report is from Mr. F. G. Figg, Acting Director of the Hongkong Observatory:—

On the 7th at 11.50 a.m. The barometer has risen over Japan, fallen on the China coast, particularly in the North.

Pressure is highest over the E. coast of China, and W. Japan and relatively low over the N. part of the China Sea.

Decreasing monsoon in the Formosa Channel, and off the S. coast of China.

Forecast:—fresh to moderate E. winds; unsettled, rainy.

Commercial.

TO-DAY'S INTELLIGENCE.

INDO-CHINA STEAM NAVIGATION CO. is again forced up without any important sales to report. Quotations are \$110 to \$112. CHINA SUGARS are firmer with sales at \$102. HONGKONG & WHAMPOA DOCKS are in demand, and sales have been made at \$204 to \$205.

WEEKLY SHARE REPORT.

Messrs. Benjamin Kelly and Potts in their report dated 6th inst., state as follows:—

Business in shares has been particularly lively during the past week and investors have been in the market to a considerable extent with the result that most of the better class of securities show an appreciable rise on last quotations.

The Hongkong Hotel Company, Limited, has advertised its ordinary half-yearly meeting for the 13th March. The transfer books will be closed from to-morrow, the 7th, to the 13th instant, both days inclusive.

The fourteenth ordinary general meeting of shareholders in Messrs. Geo. Fenwick and Company, Limited, will be held on the 9th instant, till which date the transfer books are closed.

Banks.—Hongkong and Shanghai Banks have continued firm, and after small sales at \$695, extensive transactions at \$690 have taken place, the market closes with further inquiries at the latter rate. The London quotation is \$624 ex dividend. Nationals are unaltered.

Marine Insurances.—Unions have further advanced, and are now wanted at \$25. China Traders can be placed at \$58. North-Chinas are inquired for at \$15. 195, and Yangtzes remain in request at \$36. Cansons have probable buyers at \$164.

Fire Insurances.—Hongkong Fires have inquiries at \$305 ex the dividend of \$224 paid on the 31st instant. China Fires have been done and are in demand at \$804 ex the dividend of \$6 paid to-day.

Shipping.—Hongkong, Canton and Macao Steamboats continue in request at \$363. Indo-Chinas have again ruled very erratic: at the beginning of the week the market rushed up to \$115, but a sharp reaction followed and it quickly declined to \$100: towards the close, however, it strengthened again, and sales at \$105 have been effected, at which price there are further inquiries for shares. Douglas Steamships have again been booked at \$43. China and Manilas have been dealt in and more shares are asked for at \$27. Star Ferries (old issue) have improved, and are wanted at \$253; the new shares are unchanged with buyers at \$14. Shell Transports have again been disposed of at \$110. Cargo boats are in demand at the further enhanced rate of \$15. 160.

Refineries.—China Sugars have been the medium of a fair business at \$100 and \$101, and more shares can be placed at the latter price. The accounts and report for 1902 show a profit on working of \$445,274.02. Luzons are unchanged. In their annual report, the general managers state that, for reasons mentioned in the previous report, it has been impracticable to work the refinery at Malabon during any portion of 1902. Inclusive of \$50,675.81 brought forward from the year 1901, the profit and loss account shows a balance at debit of \$62,363.31, which is carried forward.

Mining.—Punjons have been sold at \$31. The result of crushing for part of the month of February is as follows:—10 tons of Old Headings crushed for a yield of 720 ounces of amalgam, valued at \$2.80. In a letter received this morning, dated the 21st February, the manager states in regard to the above, and upon the subject of tin, as follows:—Crushing is being carried on, and as the whole of this month will be occupied on Headings from the Siamese workings before we can get at the

GROSS CORRUPTION IN FOCHOW NAVY.

The *Sin Wen Pao* is informed that the Fochow Arsenal has several despatch boats which are maintained by the Authorities. During late years, the commanders, mates, engineers, cadets and even sailors have not only been constantly absent from service but have overdrawn their salaries. Some of them have gone so far as to hold two positions in the same service, thus one man drawing the pay of two. In short, gross corruption prevails in the whole service. The Fochow Naval Authorities have now taken steps to have these evils eliminated and reorganize the system.

THE S.S. "SIBERIA"

Another big Pacific Mail liner—the *Siberia*—has reached here from the Eastern seaboard to swell the fleet of mammoth deep-sea steamships which are now making San Francisco their home port. This new acquisition is a sister ship to the *Korea*, says the *San Francisco Chronicle* of the 5th ult., now making the second round trip in the China trade, and she will be placed in the same service as soon as her present cargo is discharged.

Ocean steamships of the largest tonnage are now becoming quite common sights in San Francisco bay. Their number is steadily increasing, but the demands of a growing commerce are calling for still more. In a few years, if they keep on multiplying at the rate they have done during the past three or four years, they will become as numerous here as they are now in the harbour of New York. In all directions these big liners are now playing the waters of the Pacific, either headed this way or carrying cargoes hence to distant foreign ports.

THE WEATHER.

The following report is from Mr. F. G. Figg, Acting Director of the Hongkong Observatory:—

On the 7th at 11.50 a.m. The barometer has risen over Japan, fallen on the China coast, particularly in the North.

Pressure is highest over the E. coast of China, and W. Japan and relatively low over the N. part of the China Sea.

Decreasing monsoon in the Formosa Channel, and off the S. coast of China.

Forecast:—fresh to moderate E. winds; unsettled, rainy.

Commercial.

TO-DAY'S INTELLIGENCE.

INDO-CHINA STEAM NAVIGATION CO. is again forced up without any important sales to report. Quotations are \$110 to \$112. CHINA SUGARS are firmer with sales at \$102. HONGKONG & WHAMPOA DOCKS are in demand, and sales have been made at \$204 to \$205.

WEEKLY SHARE REPORT.

Messrs. Benjamin Kelly and Potts in their report dated 6th inst., state as follows:—

Business in shares has been particularly lively during the past week and investors have been in the market to a considerable extent with the result that most of the better class of securities show an appreciable rise on last quotations.

The Hongkong Hotel Company, Limited, has advertised its ordinary half-yearly meeting for the 13th March. The transfer books will be closed from to-morrow, the 7th, to the 13th instant, both days inclusive.

The fourteenth ordinary general meeting of shareholders in Messrs. Geo. Fenwick and Company, Limited, will be held on the 9th instant, till which date the transfer books are closed.

Banks.—Hongkong and Shanghai Banks have continued firm, and after small sales at \$695, extensive transactions at \$690 have taken place, the market closes with further inquiries at the latter rate. The London quotation is \$624 ex dividend. Nationals are unaltered.

Marine Insurances.—Unions have further advanced, and are now wanted at \$25. China Traders can be placed at \$58. North-Chinas are inquired for at \$15. 195, and Yangtzes remain in request at \$36. Cansons have probable buyers at \$164.

Fire Insurances.—Hongkong Fires have inquiries at \$305 ex the dividend of \$224 paid on the 31st instant. China Fires have been done and are in demand at \$804 ex the dividend of \$6 paid to-day.

Shipping.—Hongkong, Canton and Macao Steamboats continue in request at \$363. Indo-Chinas have again ruled very erratic: at the beginning of the week the market rushed up to \$115, but a sharp reaction followed and it quickly declined to \$100: towards the close, however, it strengthened again, and sales at \$105 have been effected, at which price there are further inquiries for shares. Douglas Steamships have again been booked at \$43. China and Manilas have been dealt in and more shares are asked for at \$27. Star Ferries (old issue) have improved, and are wanted at \$253; the new shares are unchanged with buyers at \$14. Shell Transports have again been disposed of at \$110. Cargo boats are in demand at the further enhanced rate of \$15. 160.

Refineries.—China Sugars have been the medium of a fair business at \$100 and \$101, and more shares can be placed at the latter price. The accounts and report for 1902 show a profit on working of \$445,274.02. Luzons are unchanged. In their annual report, the general managers state that, for reasons mentioned in the previous report, it has been impracticable to work the refinery at Malabon during any portion of 1902. Inclusive of \$50,675.81 brought forward from the year 1901, the profit and loss account shows a balance at debit of \$62,363.31, which is carried forward.

Mining.—Punjons have been sold at \$31. The result of crushing for part of the month of February is as follows:—10 tons of Old Headings crushed for a yield of 720 ounces of amalgam, valued at \$2.80. In a letter received this morning, dated the 21st February, the manager states in regard to the above, and upon the subject of tin, as follows:—Crushing is being carried on, and as the whole of this month will be occupied on Headings from the Siamese workings before we can get at the

stone, I anticipate that the crushing will be poor. * * * About half a mile from the place where tin was previously found, we have discovered a large quantity of Wash. In places fully 1 lb. of low grade tin ore can be obtained from one dish. Samples of this have been sent to Singapore for assay. If there is a fair percentage of tin in the ore, the find will be a valuable one, as it is close to water, being within a quarter of a mile from the Lipis River. Raids have been fixed in small quantities at \$71. Chinese Engineerings continue on offer at \$15. 84.

Docks, Wharves, and Godowns.—Hongkong and Whampoa Docks have improved their position and are inquired for at \$200. Farnhams are firm and have buyers at \$15. 185. The report and accounts of the Hongkong and Kowloon Wharf and Godown Company Limited, for 1902, shows that the gross revenue derived from wharfage, landing &c., totals \$823,310.13 as against \$809,833.30 the previous year, being an increase of \$13,476.83, and the profit on working amounts to \$270,140.85 as compared with \$212,759.02 in 1901, being an increase of \$57,381.83. Inclusive of \$12,402.74 brought forward from last year, and after deducting Directors' and Auditors' fees (\$10,500) and writing \$24,445.68 off wharves, launches, lighters, tolling stock, machinery and plant, there remains a sum of \$179,481.69 available for distribution. An interim dividend of \$2 per share (absorbing \$60,000) was paid in August last; it is now proposed to pay a final dividend of \$2 per share (absorbing \$75,000) and transfer \$30,000 to depreciation and repair account, leaving \$14,481.69 to be carried forward. Shares have been negotiated at \$96. Hongkong Wharves are reported sold in Shanghai at \$130. Yangtze Wharves are wanted at \$120. New Amoy Docks have been parted with at \$58.

Lands, Hotels and Buildings.—Hongkong Lands can be placed at \$176. Hongkong Hotels have changed hands at \$2.42 and \$1.41 and are now quoted at \$143. Small lots of Orient Hotel have found buyers at \$30. Sales of Hotel des Colonies are reported at \$15. 161 in the North. Astor House Hotels (Shanghai) are obtainable at \$30. Humphreys Estates have been done at \$118, and China Providents at \$9.

Cotton Mills.—Are all firmer. Both Ewos and Internationals are wanted at \$17. 37, and Lao-Kum-Mows have buyers at \$17. 40. Hongkong Cottons keep steady at \$103.

Cigar Companies.—Sumatra are in the market at \$15. 55. Philippine Tobacco Trusts have inquiries at \$20, and Alhambras are wanted at \$350.

Miscellaneous.—Green Island Cements have again been dealt in at \$24, and continue in demand at the rate. A. S. Watsons are to be had at \$14. Business in Electricities has been done at \$13.80 and \$6.85 for the old and new shares respectively. Manila Investments have been placed at \$15. China Bakeries are unchanged at \$40. The Company will pay a dividend of \$1 for the past year. Langkats have changed ship at \$15. 280, and more shares are inquired for.

SHIPPING AND FREIGHT.

There has been a brisk demand for tonnage during the past week and freights have improved. From Saigon to Hongkong, 19 cents per picul is the best, and 20 cents the offering quotation for prompt tonnage; to one port, Philippines 35 cents is the last and offering quotation; to Java and Japan, there is no demand. Several steamers have been fixed from Newchwang to Canton at 314 cents per picul. From Wuhu to Canton the quotation is 261 to 27 cent. per picul.

Coal freights are firm, to Moji to Hongkong, \$2.15 per ton; to Singapore, \$2.40; and to Manila, \$3.50, possibly \$3.75.
